AMUNDI ETF SERIES

REPORT OF THE MANAGER

Review for 2018

In 2018, Hong Kong (“HK”) and China A share markets clouded by US-China Trade issues as well as concern on China slowing economy. In addition, United States (“US”) interest rate move and currency crisis in Turkey and Argentina also dampen the market sentiment.

Early this year, market expected the global growth will continue improving. As a result, Hang Seng Index rose above 33,000 in January. However, as market worried US Fed will increase rate faster than expected, which put market under pressure. Within this year, US Fed has increased interest rate 75bps. In addition, escalating concerns surrounding the possibility of a trade war between the US and China also undermined sentiment in March. US and China have held few rounds of discussion about the trade issues, but no success. As a result, US imposed tariff on Chinese goods and China reacted on this also imposed tariff on US goods. Investors concerned Argentina and Turkey cannot serve their foreign debt after their currency depreciated more than 25% within few weeks. In addition, the fear also spread to other emerging market currency, such as Brazil. This concern was eased after International Monetary Fund (“IMF”) and Argentina announced an arrangement that Argentina will receive the biggest loan package ever from the IMF (US\$57.1bn over the next three years). In China, State Council announced measures to stabilize domestic demand via fiscal policy focusing on two areas: (i) tax and fee reductions, tax rebate for advanced manufacturing and modern service sectors, and expansion of R&D deductible policy from small & medium-size tech firms to all corporates; (ii) accelerate local government bond issuance to support ongoing infrastructure investment projects. In addition, China Vice Premier Liu He and top regulators mentioned that the declines in China A shares market offers good buying opportunities because of low valuations and China’s growth prospects. Also, the government will provide aid to listed companies, particularly smaller ones, which are bogged down in liquidity squeeze because of exposure to share-pledge risks. As a result, China A share market has been stabilized, which also support HK market.

3-month HIBOR has increased from ~1.3% in early this year to ~2% as the US Fed continued increase rate. In addition, HK banks increased prime rate and deposit rate by 0.125% in September after US Fed rate increased. This signaled low interest rate environment is ended. This is positive to HK Banks as their interest earning assets can earn high return and should improve net interest margin given current account/saving account interest rate do not move much.

AMUNDI ETF SERIES

REPORT OF THE TRUSTEE TO THE UNITHOLDERS

We hereby confirm that, in our opinion, the Manager of AMUNDI Hang Seng HK 35 Index ETF and AMUNDI FTSE China A50 Index ETF (the “Sub-Funds”) of AMUNDI ETF Series has, in all material respects, managed the Sub-Funds in accordance with the provisions of the trust deed dated 16 March 2016, as amended by the supplemental deeds dated 16 March 2016 and 13 September 2016 (collectively the “Trust Deed”) for the year ended 30 September 2018.

For and on behalf of
BOCI-Prudential Trustee Limited
as the Trustee of AMUNDI ETF Series

Hong Kong, 30 January 2019

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF AMUNDI ETF SERIES**

Report on the Audit of the Financial Statements

Opinion

What we have audited

The financial statements of AMUNDI Hang Seng HK 35 Index ETF and AMUNDI FTSE China A50 Index ETF (each a separate sub-fund of AMUNDI ETF Series and referred to individually or collectively as the "Sub-Funds") set out on pages 9 to 39, which comprise:

- the statement of financial position of AMUNDI Hang Seng HK 35 Index ETF as at 30 September 2018;
- the statement of financial position of AMUNDI FTSE China A50 Index ETF as at 30 September 2018;
- the statement of comprehensive income of AMUNDI Hang Seng HK 35 Index ETF for the year then ended;
- the statement of comprehensive income of AMUNDI FTSE China A50 Index ETF for the year then ended;
- the statement of changes in net assets attributable to unitholders of AMUNDI Hang Seng HK 35 Index ETF for the year then ended;
- the statement of changes in net assets attributable to unitholders of AMUNDI FTSE China A50 Index ETF for the year then ended;
- the statement of cash flows of AMUNDI Hang Seng HK 35 Index ETF for the year then ended;
- the statement of cash flows of AMUNDI FTSE China A50 Index ETF for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Our opinion

In our opinion, the financial statements give a true and fair view of the financial position of each of the Sub-Funds as at 30 September 2018, and of the financial transactions and cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRS").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISA"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of each of the Sub-Funds in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (the "IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

**INDEPENDENT AUDITOR’S REPORT
TO THE UNITHOLDERS OF AMUNDI ETF SERIES (CONTINUED)**

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarised as follows:

- Existence and valuation of investments

Key Audit Matter	How our Audit Addressed the Key Audit Matter				
<p><i>Existence and valuation of investments</i></p> <p>The investments held by each of the Sub-Funds as at 30 September 2018 were valued at:</p> <table border="1" data-bbox="207 793 776 1094"> <tr> <td data-bbox="207 793 407 974">AMUNDI Hang Seng HK 35 Index ETF</td> <td data-bbox="412 793 776 974">Listed equities: HK\$158,918,395 Real estate investment trust: HK\$8,319,397</td> </tr> <tr> <td data-bbox="207 980 407 1094">AMUNDI FTSE China A50 Index ETF</td> <td data-bbox="412 980 776 1094">Listed equities: RMB422,784,065</td> </tr> </table> <p>We focused on the existence and valuation of the investments because the investments represented the principal element of the respective Sub-Funds’ net asset value.</p> <p>Refer to Note 10 to the financial statements.</p>	AMUNDI Hang Seng HK 35 Index ETF	Listed equities: HK\$158,918,395 Real estate investment trust: HK\$8,319,397	AMUNDI FTSE China A50 Index ETF	Listed equities: RMB422,784,065	<p>We tested the existence of investments by obtaining direct confirmations from the Sub-Funds’ custodians, and agreeing the Sub-Funds’ holdings of investments to those confirmations. No material exceptions were identified from our testing.</p> <p>We agreed the valuation of the Sub-Funds’ investments by comparing the pricing used by the Sub-Funds to external pricing sources as at 30 September 2018. We found no material exceptions from our testing.</p> <p>Based on the procedures we performed, we found the judgments made in determining the valuation of the investments to be supportable by available evidence.</p>

**INDEPENDENT AUDITOR’S REPORT
TO THE UNITHOLDERS OF AMUNDI ETF SERIES (CONTINUED)**

Other Information

The Trustee and the Manager (the “Management”) of the Sub-Funds are responsible for the other information. The other information comprises all of the information included in the annual report other than the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management for the Financial Statements

The Management of the Sub-Funds is responsible for the preparation of financial statements that give a true and fair view in accordance with IFRS, and for such internal control as the Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management of the Sub-Funds is responsible for assessing the Sub-Funds’ ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Sub-Funds or to cease operations, or has no realistic alternative but to do so.

In addition, the Management of the Sub-Funds is required to ensure that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the trust deed dated 16 March 2016, as amended (the “Trust Deed”) and Appendix E of the Code on Unit Trusts and Mutual Funds issued by the Hong Kong Securities and Futures Commission (the “SFC Code”).

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. We report our opinion solely to you, as a body, in accordance with our agreed terms of engagement and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Sub-Funds have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the SFC Code.

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF AMUNDI ETF SERIES (CONTINUED)**

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

As part of an audit in accordance with ISA, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Funds' internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Sub-Funds to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Management, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF AMUNDI ETF SERIES (CONTINUED)**

Report on Matters under the Relevant Disclosure Provisions of the Trust Deed and the SFC Code

In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the SFC Code.

The engagement partner on the audit resulting in this independent auditor's report is Chung, Chi Fai.

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

1 General information

AMUNDI ETF Series (the “Trust”) is an umbrella unit trust established under the terms of the trust deed dated 16 March 2016, as amended (the “Trust Deed”) between Amundi Hong Kong Limited (the “Manager”) and BOCI-Prudential Trustee Limited (the “Trustee”). The Trust Deed is governed by Hong Kong law.

The Trust comprises two sub-funds, AMUNDI Hang Seng HK 35 Index ETF and AMUNDI FTSE China A50 Index ETF (the “Sub-Funds”) which were authorised by the Securities & Futures Commission of Hong Kong (the “SFC”) pursuant to section 104(1) of the Hong Kong Securities and Futures Ordinance. The Sub-Funds are also listed on the Stock Exchange of Hong Kong Limited (a subsidiary of The Hong Kong Exchanges and Clearing Limited).

These financial statements relate to the above-mentioned Sub-Funds. The Manager and the Trustee (collectively, the “Management”) are responsible for the preparation of the financial statements.

The objectives of the Sub-Funds are to provide investment results that, before the deduction of fees and expenses, closely correspond to the performance of the respective indices (the “Underlying Index”) by investing all, or substantially all, of the assets of each Sub-Fund in index securities in substantially the same weightings as constituted in the Underlying Index.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(a) Basis of preparation

The financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”). The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss.

The preparation of financial statements in conformity with IFRS requires the Management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

All references to net assets throughout the financial statements refer to net assets attributable to unitholders unless otherwise stated.

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

2 Summary of significant accounting policies (Continued)

(a) Basis of preparation (Continued)

New standards and amendments to standards that are relevant to the Sub-Funds and have been adopted by the Sub-Funds

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the current financial periods that would be expected to have a material impact on the Sub-Funds.

New standards and amendments to standards that are relevant to the Sub-Funds but are not yet effective and have not been early adopted by the Sub-Funds

IFRS 9 'Financial Instruments' addresses the classification, measurement and derecognition of financial assets and liabilities. It replaces the multiple classification and measurement models in IAS 39 and is effective for reporting periods beginning on or after 1 January 2018.

Classification and measurement of financial assets will be driven by the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. A debt instrument is measured at amortised cost if the objective of the business model is to hold the financial asset for the collection of contractual cash flows and the contractual cash flows under the instrument solely represent payments of principal and interest. A debt instrument is measured at fair value through other comprehensive income if the objective of the business model is to hold the financial asset both to collect contractual cash flows which represent payments of principal and interest and to sell. All other debt instruments must be recognised at fair value through profit or loss. An entity may however, at initial recognition, irrevocably designate a financial asset as measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency. Derivative and equity instruments are measured at fair value through profit or loss unless, for equity instruments not held for trading, an irrevocable option is taken to measure the financial assets at fair value through other comprehensive income. IFRS 9 also introduces a new expected credit loss impairment model.

On adoption of IFRS 9, the Sub-Funds' investment portfolio will continue to be classified as measured at fair value through profit or loss. Other financial assets which are held for collection will continue to be measured at amortised cost with no material impact expected from application of the new impairment model. As a result, the adoption of IFRS 9 is not expected to have a material impact on the Sub-Funds' financial statements.

There are no other standards, interpretations or amendments to existing standards that are not yet effective that would be expected to have a significant impact on the Sub-Funds.

(b) Financial assets at fair value through profit or loss

All investments have been classified as financial assets at fair value through profit or loss.

Purchases and sales of investments are accounted for on the trade date basis. Investments are initially recognised at fair value, excluding transaction costs which are expensed as incurred, and are subsequently re-measured at fair value. Realised and unrealised gains and losses on investments are included in the statement of comprehensive income in the period in which they arise. Investments are derecognised when the rights to receive cash flows from the investments have expired or the Sub-Funds have transferred substantially all risks and rewards of ownership.

Investments that are listed or traded on an exchange are fair valued based on quoted last traded prices.

Transfers between levels of the fair value hierarchy are deemed to have occurred at the beginning of the financial periods.

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

2 Summary of significant accounting policies (Continued)

(c) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position where the Sub-Funds currently have a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(d) Income

Dividend income on equity securities is recognised on the ex-dividend date. Dividend income on equity securities where no ex-dividend date is quoted is accounted for when the Sub-Funds' right to receive payment is established.

Interest income is recognised on a time-proportionate basis using the effective interest method.

(e) Expenses

Expenses are accounted for on an accrual basis.

(f) Cash component for units issued and redeemed

Cash component on issue represents the amount being equal to the difference between the issue price on the relevant transaction date and the value of the securities exchanged in kind for those units.

Cash component on redemption represents the amount being equal to the difference between the redemption values on the relevant transaction date and the value of securities transferred in kind to the redeeming unitholder in respect of such units.

(g) Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(h) Translation of foreign currencies

Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Sub-Funds operate ("the functional currency"). The performance of AMUNDI Hang Seng HK 35 Index ETF and AMUNDI FTSE China A50 Index ETF are measured and reported to the unitholders in Hong Kong dollar ("HK\$") and Renminbi ("RMB") respectively. The Management considers the HK\$ and RMB as the currencies that most faithfully represent the economic effects of the underlying transactions, events and conditions of the respective Sub-Funds. The financial statements are presented in HK\$ and RMB respectively, which are the respective Sub-Funds' functional and presentation currency.

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

2 Summary of significant accounting policies (Continued)

(h) Translation of foreign currencies (Continued)

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rates prevailing at the period end date.

Foreign exchange gains and losses arising from translation are included in the statement of comprehensive income.

Foreign exchange gains and losses relating to cash and cash equivalents are presented in the statement of comprehensive income within net exchange gains/(losses).

Foreign exchange gains and losses relating to financial assets carried at fair value through profit or loss are presented in the statement of comprehensive income within net gains/(losses) on financial assets at fair value through profit or loss.

(i) Redeemable units

The Sub-Funds issue redeemable units, which are redeemable at the holder's option, are the most subordinated units in issue and are therefore classified as equity. Units can be redeemed in-kind and/or in cash equal to a proportionate share of the Sub-Funds' net asset value. The Sub-Funds' net asset value per unit is calculated by dividing the net assets attributable to the unitholders with the total number of outstanding units. Units are created or redeemed in multiples of 500,000 units.

(j) Segmental reporting

Operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The Manager, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the chief operating decision-maker that makes strategic decisions.

(k) Amounts due from and due to brokers

Amounts due from and due to brokers represent receivables for investments sold and payables for investments purchased that have been contracted for but not yet settled or delivered on the statement of financial position date, respectively.

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

2 Summary of significant accounting policies (Continued)

(1) Structured entity

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to administrative tasks only and the relevant activities are directed by means of contractual arrangements. A structured entity often has some or all of the following features or attributes: (i) restricted activities; (ii) a narrow and well-defined objective, such as to provide investment opportunities for investors by passing on risks and rewards associated with the assets of the structured entity to investors; (iii) insufficient equity to permit the structured entity to finance its activities without subordinated financial support; and (iv) financing in the form of multiple contractually linked instruments to investors that create concentrations of credit or other risks (tranches).

The Sub-Funds consider all the investments in another fund (the “Investee Fund”) to be investments in unconsolidated structured entities. The Sub-Funds invest in the Investee Fund whose objectives range from achieving medium to long-term capital growth and whose investment strategies do not include the use of leverage. The Investee Fund applies different investment strategies to accomplish its investment objectives. The Investee Fund finances its operations by issuing redeemable units which are puttable at the holder's option and entitle the holder to a proportional stake in the Investee Fund's net assets. The Sub-Funds hold redeemable units in the Investee Fund.

The change in fair value of the Investee Fund is included in the statement of comprehensive income in net gains/(losses) on financial assets at fair value through profit or loss.

3 Net (losses)/gains on financial assets at fair value through profit or loss

AMUNDI Hang Seng HK 35 Index ETF

	2018 HK\$	2017 HK\$
Net changes in unrealised (losses)/gains on financial assets at fair value through profit or loss	(8,063,265)	13,386,320

	<u>(4,523,608)</u>	<u>55,026,141</u>

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

4 Number of units in issue and net assets attributable to unitholders

The Sub-Funds' capital is represented by the net assets attributable to unitholders and is classified as equity. Units are issued and redeemed in-kind and/or in cash. Creations and redemptions of units during the year/period are shown on the statement of changes in net assets attributable to unitholders. In accordance with the objectives and risk management policies outlined in Note 10, the Sub-Funds endeavour to invest in appropriate investments while maintaining sufficient liquidity to meet redemption, such liquidity being augmented by disposal of listed securities where necessary.

The Sub-Funds use last traded market price for fair valuation of financial assets for financial statements purpose. This is consistent with the inputs prescribed in the Sub-Funds' prospectus for the calculation of their per unit trading value for creations and redemptions.

The movements of the units for the year/period are as follows:

AMUNDI Hang Seng HK 35 Index ETF

	2018 Number of units	2017 Number of units
Units in issue at the beginning of the year	8,500,000	12,000,000
Creation of units	-	2,000,000
Redemption of units	(500,000)	(5,500,000)
Units in issue at the end of the year	<u>8,000,000</u>	<u>8,500,000</u>
	HK\$	HK\$
Net assets attributable to unitholders	<u>168,499,973</u>	<u>181,374,036</u>
Net assets value per unit	<u>21.0625</u>	<u>21.3381</u>

AMUNDI FTSE China A50 Index ETF

	2018 Number of units	2017 Number of units
Units in issue at the beginning of the year/period	33,500,000	-
Creation of units	2,000,000	35,000,000
Redemption of units	-	(1,500,000)
Units in issue at the end of the year/period	<u>35,500,000</u>	<u>33,500,000</u>
	RMB	RMB
Net assets attributable to unitholders	<u>423,641,063</u>	<u>401,764,769</u>
Net assets value per unit	<u>11.9336</u>	<u>11.9930</u>

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

5 Taxation

Hong Kong profits tax

No provision for Hong Kong profits tax has been made as the Sub-Funds were authorised as collective investment schemes under section 104 of the Hong Kong Securities and Futures Ordinance and are therefore exempt from profits tax under section 26A(1A) of the Hong Kong Inland Revenue Ordinance.

PRC withholding tax

AMUNDI FTSE China A50 Index ETF invests in A-Shares of listed companies in the People's Republic of China (the "PRC") which are held directly through a combination of the Manager's RQFII quota and Stock Connect. A 10% tax is withheld at source on all PRC sourced dividend and interest income.

Taxation of each Sub-Fund represents:

	AMUNDI Hang Seng HK 35 Index ETF		AMUNDI FTSE China A50 Index ETF	
	2018 HK\$	2017 HK\$	2018 RMB	2017 RMB
Taxation

NOTES TO THE FINANCIAL STATEMENTS

6 Transactions with the related parties/Manager and its Connected Persons

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial or operational decisions. Connected Persons of the Manager are those as defined in the Code on Unit Trusts and Mutual Funds issued by the SFC of Hong Kong (the “SFC Code”). All transactions entered into during the year/period between the Sub-Funds and their related parties, including the Manager and its Connected Persons, were carried out in the normal course of business and on normal commercial terms. To the best of the Manager’s knowledge, the Sub-Funds have the below transactions with their related parties, including the Manager and its Connected Persons.

(a) Management fee

AMUNDI Hang Seng HK 35 Index ETF

Management fee is currently charged at a rate of 0.28% per annum of the net asset value of the Sub-Fund, accrued daily and paid as soon as practicable after the last dealing day in each month. The Manager is entitled to receive a management fee of up to 2% per annum of the net asset value of the Sub-Fund. The Sub-Fund has a single fee structure whereby a single flat fee (i.e. management fee) is paid to the Manager to cover the fees, costs and expenses of the Sub-Fund (including, but not limited to, the Manager’s fee, the Trustee’s fee, the Registrar’s fee, the Custodian’s fee, fees and expenses of the auditor, ordinary out-of-pocket expenses incurred by the Trustee or the Manager, and the costs and expenses of licensing the Sub-Fund). The management fee does not include brokerage and transaction costs, fees and extraordinary items such as litigation expenses.

AMUNDI FTSE China A50 Index ETF

Management fee is currently charged at a rate of 0.48% per annum of the net asset value of the Sub-Fund, accrued daily and paid as soon as practicable after the last dealing day in each month. The Manager is entitled to receive a management fee of up to 2% per annum of the net asset value of the Sub-Fund. The Sub-Fund has a single fee structure whereby a single flat fee (i.e. management fee) is paid to the Manager to cover the fees, costs and expenses of the Sub-Fund (including, but not limited to, the Manager’s fee, the Trustee’s fee, the Registrar’s fee, the Custodian’s fee, the PRC Custodian’s fees, fees of the Service Agent, fees and expenses of the auditor, securities transaction fee payable to the Custodian and the PRC Custodian, ordinary out-of-pocket expenses incurred by the Trustee or the Manager, and the costs and expenses of licensing the Sub-Fund). The management fee does not include brokerage and transaction costs, fees and extraordinary items such as litigation expenses.

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

7 Major non-cash transactions

AMUNDI Hang Seng HK 35 Index ETF

There were no non-cash transactions for the creation of units in the Sub-Fund during the year ended 30 September 2018. During the year end 30 September 2017, the Sub-Fund issued 2,000,000 units, totaling HK\$36,293,000 in exchange for Index Baskets consisting of investments valued at HK\$36,112,849 and cash component of HK\$180,151.

During the year ended 30 September 2018, the Sub-Fund redeemed 500,000 units (2017: 5,500,000 units), totaling HK\$10,985,200 (2017: HK\$99,982,750) in exchange for Index Baskets consisting of investments valued at HK\$10,961,551 (2017: HK\$99,478,730) and cash component of HK\$23,649 (2017: HK\$504,020).

AMUNDI FTSE China A50 Index ETF

There were no non-cash transactions for the Sub-Fund during the year/period ended 30 September 2018 and 2017.

8 Soft commission

The Manager may effect transactions, provided that any such transaction is consistent with standards of “best execution”, by or through the agency of another person for the account of the Sub-Funds with whom the Manager or any of its Connected Persons have an arrangement under which that party will from time to time provide to or procure for the Manager or any of its Connected Persons goods, services or other benefits (such as research and advisory services, computer hardware associated with specialised software or research services and performance measures) the nature of which is such that their provision can reasonably be expected to benefit the Sub-Funds as a whole and may contribute to an improvement in the performance of the Sub-Funds. For the avoidance of doubt, such goods and services may not include travel, accommodation, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employees’ salaries or direct money payments.

Since the inception of the Sub-Funds, the Manager had not participated in any soft commission arrangements in respect of any transactions for the account of the Sub-Funds.

9 Investment limitations and prohibitions under the SFC Code

Pursuant to the SFC’s Guidelines for Regulating Index Tracking Exchange Traded Funds (the “ETF Guidelines”), the Manager is permitted to overweigh the holdings of the Sub-Funds relative to their respective weightings in the Underlying Index, on the condition that the maximum extra weighting in any constituent securities will not exceed the maximum limit reasonably determined by the Sub-Funds and after consultation with the SFC. The maximum limit for the Sub-Funds has been disclosed in their prospectus.

The Management has confirmed that the Sub-Funds have complied with this limit during the year/period.

The SFC Code allows the Sub-Funds to invest in constituent securities issued by a single issuer for more than 10% of the Sub-Funds’ net asset value provided that the investment is limited to any constituent securities that each accounts for more than 10% of the weighting of the index and the Sub-Funds’ holding of any such constituent securities may not exceed their respective weightings in the index (except as a result of changes in the composition of the index and the excess is transitional and temporary in nature).

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

10 Financial risk management

(a) Strategy in using financial instruments

Investment objectives and investment policies

The Sub-Funds' investment objectives are to provide investment results, before fees and expenses that closely correspond to the performance of their respective indices. The Manager seeks to achieve this investment objective by primarily adopting a full replication strategy. Using a full replication strategy, the Sub-Funds will invest in all, or substantially all, the securities constituting the index in the same, or substantially the same, weightings (i.e. proportions) as those securities have in the Underlying Index.

(b) Market price risk

Market price risk is the risk that the value of a financial instrument will fluctuate due to changes in market prices, whether those changes are caused by factors specific to the individual instrument or factors affecting all instruments in the market.

All securities investments present a risk of loss of capital. The Sub-Funds' market price risk is managed through diversification of the investment portfolio. The Manager monitors the investments on a daily basis and rebalances the portfolio of investments from time to time to reflect any changes to the composition of, or the weighting of shares in, the Underlying Index.

As at year/period end, the overall market exposure of the Sub-Funds were as follows:

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

10 Financial risk management (Continued)

(b) Market price risk (Continued)

The Sub-Funds held substantially all the constituents in their respective Underlying Index and therefore are exposed to substantially the same price risk as the Underlying Index.

AMUNDI Hang Seng HK 35 Index ETF

	2018		2017	
	Change in index %	Impact HK\$	Change in index %	Impact HK\$
Hong Kong				
Hang Seng HK 35 Index	14.39	24,065,518	15.26	27,520,750

AMUNDI FTSE China A50 Index ETF

	2018		2017	
	Change in index %	Impact RMB	Change in index %	Impact RMB
China				
FTSE China A50 Index	23.42	99,016,028	24.63	98,643,585

The Manager has used its view of what would be a “reasonable shift” in the respective Underlying Index to estimate the change for use in the market sensitivity analysis above. Disclosures above are shown in absolute terms, changes and impacts could be positive or negative. Changes in market index % are revised annually depending on the Manager’s current view of market volatility and other relevant factor.

(c) Interest rate risk

Interest rate risk arises from the effects of fluctuations in the prevailing levels of market interest rates on the fair value and future cash flows of interest-bearing assets and liabilities.

The majority of the Sub-Funds’ financial assets and liabilities are non-interest bearing. As a result, the Sub-Funds are not subject to significant amounts of risk due to fluctuations in the prevailing levels of market interest rates.

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

10 Financial risk management (Continued)

(d) Credit risk

Credit risk is the risk that an issuer or a counterparty will be unable or unwilling to pay amounts in full when due.

The Sub-Funds' financial assets which are potentially subject to credit risk consist principally of their cash and cash equivalents and dividend receivable as at year/period end. During the year/period, the Sub-Funds have had buy/sell transactions with brokers. Receivables from brokers for investments are subject to credit risk of the broker concerned. As at 30 September 2018 and 2017, there were no receivables due from brokers. The Sub-Funds limit their exposure to credit risk by transacting with well-established broker-dealers and banks with high credit ratings.

All transactions in securities are settled/paid for upon delivery using approved and reputable brokers. The risk of default is considered minimal as delivery of securities sold is only made when the broker has received payment. Payment is made on a purchase when the securities have been received by the broker. The trade will fail if either party fails to meet its obligation.

As at 30 September 2018 and 2017, AMUNDI Hang Seng HK 35 Index ETF had cash and cash equivalents of HK\$951,084 (2017: HK\$619,107) and financial assets at fair value through profit or loss of HK\$167,237,792 (2017: HK\$180,345,678) which were placed with Bank of China (Hong Kong) Limited, the custodian of the Sub-Fund. The credit rating issued by Moody's was as follows:

	2018	2017
Bank of China (Hong Kong) Limited	Aa3	A1

As at 30 September 2018 and 2017, AMUNDI FTSE China A50 Index ETF had cash and cash equivalents of RMB7,773,388 (2017: RMB7,117,502) and financial assets at fair value through profit or loss of RMB422,784,065 (2017: RMB400,501,765) which were placed with Bank of China (Hong Kong) Limited and Bank of China Limited, the custodians of the Sub-Fund. The credit ratings issued by Moody's were as follows:

	2018	2017
Bank of China (Hong Kong) Limited	Aa3	A1
Bank of China Limited	A1	A1

As at 30 September 2018 and 2017, dividends of HK\$351,667 (2017: HK\$454,157) were receivable from the financial assets at fair value through profit or loss of AMUNDI Hang Seng HK 35 Index ETF, all of which are listed on the Hong Kong Stock Exchange.

As at 30 September 2018 and 2017, AMUNDI FTSE China A50 Index ETF did not have any dividend receivable.

Accordingly, the Sub-Funds have no significant credit risk.

The maximum exposure to credit risk at year/period end is the carrying amount of the cash and cash equivalents and dividends receivable shown on the statement of financial position.

None of the financial assets is impaired nor past due but not impaired.

Bank of China (Hong Kong) Limited and Bank of China Limited also act as custodians for all of the Sub-Funds' investments. It is expected that all investments deposited with a custodian will be clearly identified, and segregated, as being assets of the Sub-Funds; the Sub-Funds should not therefore be exposed to credit risk with a custodian. However, it may not always be possible to achieve this segregation, so the Sub-Funds' investments may experience increased exposure to credit risk associated with the respective custodians.

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

10 Financial risk management (Continued)

(e) Currency risk

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates.

The Sub-Funds have no significant currency risk as all assets and liabilities are denominated in HK\$ and RMB, the respective Sub-Funds' functional and presentation currency.

(f) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in settling a liability, including a redemption request.

The Sub-Funds' investments are traded in an active market and can be readily disposed of. It is the intent of the Manager to monitor the Sub-Funds' liquidity position on a daily basis.

As at 30 September 2018 and 2017, all of the Sub-Funds' financial liabilities are due within twelve months and therefore equal their carrying balances, as the impact of discounting is not significant. As at 30 September 2018 and 2017, the Sub-Funds held investments and other liquid assets as stated in the statement of financial position that are expected to readily generate cash inflows, normally within one month, for managing liquidity risk.

As at 30 September 2018, 2 unitholders (2017: 2 unitholders) altogether held 96.30% (2017: 95.61%) of AMUNDI Hang Seng HK 35 Index ETF's total units.

As at 30 September 2018, 3 unitholders (2017: 3 unitholders) altogether held 94.65% (2017: 99.60%) of AMUNDI FTSE China A50 Index ETF's total units.

(g) Capital risk management

The Sub-Funds' objective is to provide investment results that closely correspond to the performance of the Underlying Index. The Manager may:

- Issue and redeem new units in accordance with the constitutive documents of the Sub-Funds, which include the ability to amend the size of creation and redemption unit upon the approval of the Trustee;
- Suspend the creation and redemption of units under certain circumstances stipulated in the Trust Deed.

(h) Fair value estimation

The fair value of financial assets and liabilities traded in active markets (such as trading securities) is based on quoted market prices at the close of trading on the reporting date. The Sub-Funds used last traded market prices as the fair valuation inputs for their investments.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

10 Financial risk management (Continued)

(h) Fair value estimation (Continued)

IFRS 13 requires the Sub-Funds to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (Level 2).
- Inputs for the asset or liability that are unobservable inputs (Level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement.

Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the assets or liabilities.

The determination of what constitutes “observable” requires significant judgment by the Manager. The Manager consider observable data to be such market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The table below analyses within the fair value hierarchy the Sub-Funds’ investments (by class) measured at fair value as at 30 September 2018 and 2017:

AMUNDI Hang Seng HK 35 Index ETF

	Level 1 RMB	Level 2 RMB	Level 3 RMB	Total RMB
As at 30 September 2018				
Assets				
Financial assets at fair value through profit or loss				
- Equities	422,784,065	-	-	422,784,065
	<u>422,784,065</u>	<u>-</u>	<u>-</u>	<u>422,784,065</u>
As at 30 September 2017				
Assets				
Financial assets at fair value through profit or loss				
- Equities	396,657,004	-	3,844,761	400,501,765
	<u>396,657,004</u>	<u>-</u>	<u>3,844,761</u>	<u>400,501,765</u>

Investments whose values are based on quoted market prices in active markets are classified within Level 1. The Sub-Funds do not adjust the quoted prices for these instruments.

Financial instruments that trade in markets that are not considered to be active and are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. As of 30 September 2018 and 2017, the Sub-Funds did not hold any investments classified in Level 2.

Investments classified within Level 3 have significant unobservable inputs, as they trade infrequently.

As at 30 September 2018 and 2017, AMUNDI Hang Seng HK 35 Index ETF did not have any investments classified in Level 3.

As at 30 September 2018, no (2017: one) Level 3 investment was held by AMUNDI FTSE China A50 Index ETF. The Level 3 investment represented a listed equity security which was suspended from trading on 26 May 2017. As observable price was not available for this security, the Sub-Fund had used valuation techniques including last traded price before suspension to derive the fair value of this Level 3 investment.

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

10 Financial risk management (Continued)

(h) Fair value estimation (Continued)

The following table presents the details of the suspended listed equity security as at 30 September 2017.

AMUNDI FTSE China A50 Index ETF

Fair value RMB	Suspension date	Trading resume date	Valuation techniques	Reason for suspension	% of net assets
3,844,761	26 May 2017	6 Nov 2017	Using proxy benchmark to calculate suspended stock's fair price	Company was undergoing major M&A and share- reform proposal	0.96

The Manager considered a markup of 9.86% over the last traded price before suspension of RMB6.21 per share to be the best estimate on the fair value of such security. The fair value of the suspended security was RMB 3,844,761, which represented 0.96% of the net asset value of the Sub-Fund as at 30 September 2017. Such investment was classified as level 3 due to continual suspension of trading as at 30 September 2017.

AMUNDI Hang Seng HK 35 Index ETF had no transfers between levels for the year ended 30 September 2018 and 2017.

The following table presents the transfer between levels for the year/period ended 30 September 2018 and 2017.

AMUNDI FTSE China A50 Index ETF

	Level 1 RMB	Level 2 RMB	Level 3 RMB
2018			
Transfer between Level 1 and Level 3:			
- Equity security	3,844,761	-	(3,844,761)
2017			
Transfer between Level 1 and Level 3:			
- Equity security	(3,767,767)	-	3,767,767

Transfers between levels of the fair value hierarchy are deemed to have occurred at the beginning of the reporting period.

A sensitivity analysis for Level 3 positions is not presented, as it is deemed that the impact of reasonable changes in inputs would not be significant.

The following table presents the movement in Level 3 instrument for the year/period ended 30 September 2018 and 2017:

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

10 Financial risk management (Continued)

(h) Fair value estimation (Continued)

AMUNDI FTSE China A50 Index ETF

	2018 RMB	2017 RMB
Opening balance	3,844,761	-
Transfer between Level 1 and Level 3	(3,844,761)	3,767,767
Net changes in fair value of Level 3 instrument held at the end of the year/period	-	76,994
Closing balance	-	3,844,761
Net changes in unrealized gain on Level 3 instrument	-	76,994

The financial assets and liabilities included in the statement of financial position, other than financial assets at fair value through profit or loss which are carried at fair value, are carried at amortised cost; their carrying amounts are a reasonable approximation of fair value.

As at 30 September 2018, AMUNDI Hang Seng HK 35 Index ETF invested in 1 (2017: 1) Investee Fund which is a REIT and represents approximately 4.94% (2017: 4.04%) of the Sub-Fund's net assets attributable to unitholders.

The Sub-Fund's investment in the Investee Fund is subject to the terms and conditions of the Investee Fund's offering documentation and is susceptible to market price risk arising from uncertainties about future values of the Investee Fund. The Manager makes investment decisions in line with the index constituent composition. The Investee Fund in the investment portfolio is managed by a portfolio manager who is compensated by the Investee Fund for its services. Such compensation generally consists of an asset based fee and is reflected in the valuation of the Sub-Fund's investment in the Investee Fund.

This investment is included in financial assets at fair value through profit or loss in the statement of financial position.

The Sub-Fund's maximum exposure to loss from its interest in the Investee Fund is equal to the total fair value of its investment in the Investee Fund.

Once the Sub-Fund has disposed of its units in the Investee Fund, the Sub-Fund ceases to be exposed to any risk from the Investee Fund.

Total purchases in the Investee Fund during the year ended 30 September 2018 were HK\$209,300 (2017: HK\$1,621,688). As at 30 September 2018 and 2017, there were no capital commitment obligations. There was no amount due to the Investee Fund for unsettled purchases as at 30 September 2018 and 2017.

During the year ended 30 September 2018, total net gains on investment in the Investee Fund were HK\$1,543,760 (2017: HK\$2,354,424).

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

11 Distributions

The Manager may in its absolute discretion distribute income to the Sub-Funds' unitholders at such time or times as it may determine in each financial year or determine that no distribution shall be made in any financial year. The amount to be distributed to unitholders, if any, will be derived from the net income of the Sub-Funds.

During the year/period ended 30 September 2018 and 2017, the following distributions were made:

AMUNDI Hang Seng HK 35 Index ETF

	2018
HK\$0.39 per unit on 8,000,000 units, on ex-date 28 December 2017	HK\$3,120,000

RMB0.17 per unit on 33,500,000 units, on ex-date 15 September 2017	RMB5,695,000

AMUNDI ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

12 Segment information

The Manager makes the strategic resource allocations on behalf of the Sub-Funds. The Sub-Funds have determined the operating segments based on the reports reviewed by the Manager, which are used to make strategic decisions.

The Manager is responsible for the Sub-Funds' entire portfolio and considers the business to have a single operating segment. The Manager's asset allocation decisions are based on a single, integrated investment strategy and the Sub-Funds' performance is evaluated on an overall basis.

The Sub-Funds trade in the constituent shares of the Underlying Index with the objective to provide investment results that closely correspond to the performance of the Underlying Index.

The internal reporting provided to the Manager for the Sub-Funds' assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of IFRS.

There were no changes in the reportable segment during the year/period ended 30 September 2018 and 2017.

The Sub-Funds are domiciled in Hong Kong. All of the Sub-Funds' income is derived from investments in equities and funds listed in Hong Kong or China.

The Sub-Funds have no assets classified as non-current assets. The Sub-Funds have portfolios that closely correspond to the security weight and industry weight of the relevant tracked indices. Refer to Note 9 for investment holdings that account for more than 10% of each Sub-Fund's net asset value. The Sub-Funds also have a diversified portfolio of investments.

13 Approval of financial statements

The financial statements were approved by the Management on 30 January 2019.
